Get the Mobile App!

The **iRefill Facebook App** is a fully-functional interactive refill application that enables your patients to place their refill orders directly from the patient's Facebook page.

The **iRefill Facebook App** can be integrated with your pharmacy management system software. As a result, refill requests are sent directly to your pharmacy system's refill queue upon submission and your patients get real-time responses on their screen regarding the status of each refill submitted.

*The prescription for all your telecommunication needs*

## iRefill Facebook Features & Benefits

- Provides patients with a secure and convenient refill service that they access directly from their Facebook page.
- Patients can send messages to the pharmacy directly from the iRefill Facebook interface.
- Patients can easily access pharmacy information such as store address and phone number, business hours, and services offered.
- Refill orders placed using the iRefill Facebook service can be viewed on your TeleManager software screen in the pharmacy.
- Patients can also download the iRefill – Mobile App directly from the iRefill – Facebook interface.
- The iRefill App is a FREE download for your patients. The App will then appear under “APPS” on the patients' Facebook page.
